➤ PROJECTS

SAYLANI QUIZ APP

Built an innovative quiz app for Saylani during a hackathon, designed to streamline live and course-specific quizzes. The app enables students to participate in real-time quizzes using unique OTPs, while institutes can create, manage, and track quizzes effortlessly. It combines functionality and user experience to enhance interactive learning.

LIVE CHAT WEB

Created a dynamic live chat website inspired by WhatsApp as a project assignment. The platform offers real-time messaging with a sleek, responsive design, delivering a seamless and engaging user experience.
